Other

Site 22. Non-Official Exhibition spaces

The 'non-official' exhibition spaces are not overseen by the Department Staff. Students may contact the area coordinators for availability of non-official exhibition spaces within their area.

An exhibition space in the building not listed above must be petitioned for by the student for usage and you must still acquire sponsoring faculty and building proctor approval.

Out of doors, including the VAC Plaza

All exhibitions, installations and events outside the VAC's bricks and mortar require special permits from the University of Colorado. Please see the building Proctor for more information.

Special thanks to my daughter Madigan Mae Rumley for her patience and modeling.
